

New Course on SOLAR

Special points of interest:

- *"Understanding Full Cost" is meant to provide the NASA workforce (civil service and contractor employees) with a basic understanding of the principles and concepts of Full Cost.*
- *Reviewing the course slides should only take about 30 minutes.*

The Office of the Chief Financial Officer has developed a web-based training tool for Full Cost. It is now available on SOLAR.

This course entitled "Understanding Full Cost" is meant to provide the NASA workforce (civil service and contractor employees) with a basic understanding of the principles and concepts of Full Cost.

The course particularly focuses on:

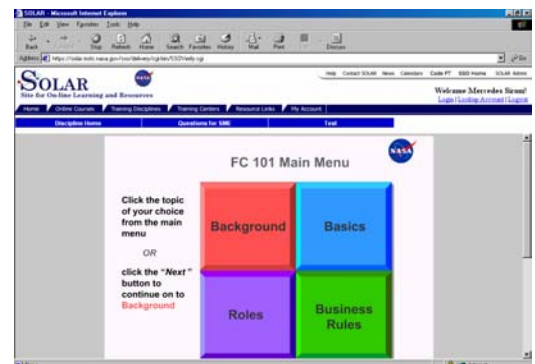

- Why NASA has moved to Full Cost
- Basic understanding of Full Cost concepts
- Roles and Responsibilities for NASA's implementation of Full Cost

- A few rules for our near term implementation

The course can be found under the Financial and Resource Management Discipline Page on SOLAR:

<https://solar.msfc.nasa.gov/solar/delivery/public/html/newindex.htm>

Reviewing the course slides should only take about 30 minutes.

A test is available to verify understanding of the material. A certificate is also available for printout if desired.
